

SAIKUMAR KALERU

CREDIT ANALYST, CORPORATE & NBFC

Hyderabad | +91 9398320218 | saikumarkaleru56@gmail.com | linkedin.com/in/saikumar-kaleru

PROFESSIONAL SUMMARY

Credit analyst and MBA Finance candidate, NISM Series-XV certified, with close to two years of capital markets experience on a Futures and Options desk. Comfortable spreading corporate and NBFC financials, computing leverage, coverage, and liquidity ratios, and forming a repayment view under base and stress cases. Uses Python and Excel to automate ratio computation, peer benchmarking, and early warning checks across a loan book. Backed by a B.E. in Computer Science, with a strong grip on financial statement analysis, working capital, and cash flow.

SKILLS

Credit Appraisal: Borrower assessment, financial spreading, working capital assessment, cash flow and repayment analysis, covenant monitoring, credit note preparation, credit risk

Risk Metrics: DSCR, ICR, leverage and liquidity ratios, collateral and security analysis, early warning signals

Programming and Data: Python (pandas, NumPy), SQL, Advanced Excel, statistics

Finance Core: Corporate finance, financial statement analysis, banking and NBFC products, economics

Tools: Power BI, DAX, MS SQL, PostgreSQL

WORK EXPERIENCE

D. E. Shaw India Private Limited | Member Technical (F&O Trading Desk)

May 2022 to Jan 2024

- Analysed financial and market data to support daily risk decisions on a Futures and Options desk.
- Tracked exposures for downside risk and repayment style coverage across positions.
- Prepared daily reports that turned raw data into clear recommendations for the desk.
- Built automated Python pipelines to gather and validate data, improving accuracy and turnaround.

Arcesium India Private Limited | Site Reliability Engineer (Intern)

Jan 2022 to May 2022

- Kept AWS EC2 and RDS services available and fixed production database issues.
- Managed MS SQL and PostgreSQL databases and improved slow queries.
- Tested Flyway for automated database schema migration and version control.

PROJECTS

Borrower Credit Appraisal & Financial Spreading | Excel, Python

- Spread borrower financials and assessed leverage, liquidity, working capital cycle, and DSCR to reach a lending recommendation with risk commentary.
- Automated ratio computation and trend analysis to standardise the appraisal and flag early warning signals.

Working Capital & Cash Flow Repayment Model | Excel

- Modeled operating cash flows and working capital needs against repayment schedules to size limits and test serviceability under stress.
- Ran sensitivity on sales growth, margins, and interest rates to see how DSCR and the drawing power calculation move.

Portfolio Early Warning Dashboard | Excel, Power BI

- Built a dashboard tracking covenant compliance and deteriorating ratios across a sample loan book to flag accounts for review.
- Coded rule based triggers (rising leverage, falling coverage, stretched working capital) in Python to rank accounts by risk.

EDUCATION

MBA in Finance, University College of Commerce & Business Management, Hyderabad

2024 to 2026

CGPA 8.9

B.E. in Computer Science & Engineering, Chaitanya Bharathi Institute of Technology, Hyderabad
