

SAIKUMAR KALERU

GRC / SECURITY RISK & COMPLIANCE ANALYST

Hyderabad, India | +91 9398320218 | saikumarkaleru56@gmail.com | linkedin.com/in/saikumar-kaleru

PROFESSIONAL SUMMARY

B.E. Computer Science engineer moving into Governance, Risk and Compliance (GRC) and information security risk. I have hands on IT operations experience as a Site Reliability Engineer in access controlled AWS cloud environments, plus a strong risk assessment and documentation background from capital markets work. Familiar with GRC concepts, ISO 27001 and SOC 2 control frameworks, IAM and cloud security basics, and audit and compliance processes. Ranked in the top 5% in GATE CSE 2021. Keen to support risk assessments, vendor risk reviews, policy management, and audit preparation as part of a GRC team.

CORE SKILLS

Governance, Risk & Compliance: GRC concepts, risk assessment, risk register management, remediation tracking, compliance processes, policies and procedures

Frameworks & Standards: ISO 27001 (ISMS controls), SOC 2, security questionnaires, controls mapping and evidence, audit support

Third Party & Vendor Risk: vendor risk assessment, due diligence reviews, security questionnaire review

Security Foundations: Identity and Access Management (IAM) basics, cloud security fundamentals (AWS), data protection, information security awareness

Technical & Tools: Advanced Excel, SQL, Python, documentation and reporting, Linux, MS SQL, PostgreSQL

Core CS: Operating Systems, Computer Networks, DBMS, Data Structures & Algorithms, System Design

EXPERIENCE

Arcesium India Pvt. Ltd. | Site Reliability Engineer (Intern)

Jan 2022 to May 2022

Cloud Operations and Access Controlled Environments

- Supported availability of production AWS EC2 and RDS infrastructure in access controlled cloud environments.
- Administered MS SQL and PostgreSQL databases and access, and documented procedures and runbooks for traceability.
- Evaluated Flyway for controlled, auditable schema change management (change control).

D. E. Shaw India Pvt. Ltd. | Member Technical

May 2022 to Jan 2024

Risk Reporting and Controlled Production, F&O Trading Desk

- Ran daily risk and exposure analysis and produced documented reports in a controlled production environment.
- Built automated data pipelines with validation controls and kept daily reporting accurate and auditable.
- Maintained standardized documentation and procedures across functional teams.

PROJECTS

GRC Control & Risk Register Toolkit | Python, Excel

- Built a toolkit that maintains a risk register with likelihood and impact scoring, owner, and remediation status.
- Mapped controls to ISO 27001 Annex A domains and produced an Excel dashboard and a vendor security questionnaire scorer.

Secure Microservices Platform | Docker, Kubernetes

- Built a microservices web app with authentication and authorization between services, using access control and secure by design principles.
- Ran the services on Kubernetes with health checks and self healing, and documented the architecture and controls.

EDUCATION

B.E. Computer Science & Engineering, CBIT, Hyderabad

2018 to 2022

Chaitanya Bharathi Institute of Technology · CGPA 8.8

MBA in Finance, UCCBM, Hyderabad

2024 to 2026

University College of Commerce & Business Management · CGPA 8.9

RELEVANT COURSEWORK

Operating Systems, Computer Networks, DBMS, Data Structures & Algorithms, Object Oriented Programming, Design & Analysis of Algorithms, Software Engineering, Computer Architecture

CERTIFICATIONS

HackerRank: Problem Solving and Java (Basic) Programming

NISM Series-XV: Research Analyst (SEBI/NISM), Reg. No. NISM-202600123995

ACHIEVEMENTS

- GATE CSE 2021: top 5% among national candidates in Computer Science.
- UGC NET 2025 (Management): 95.6 percentile.
