

Self-Paced Online Modules (SET A, B, C, D)

A **new-scheme requirement** sitting between Intermediate and Final. You complete them **online, at your own pace, during articleship**, and must score **>50% in each** to be eligible for CA Final. They're open-book online assessments — not the same pressure as Inter/Final, but don't ignore them, because they *gate* your Final attempt.

The four sets

Set	Subject	Choice?
SET A	Corporate & Economic Laws	Mandatory (fixed)
SET B	Strategic Cost & Performance Management	Mandatory (fixed)
SET C	One elective from 10 subjects	You choose 1
SET D	One from 4 subjects (multidisciplinary / soft skills / economics)	You choose 1

Recommended choices for your finance background

- **SET C** — pick an elective aligned with finance/where you're strong, e.g. a **Risk Management / International Taxation / Financial Markets**-type option (exact list is on the ICAI portal at enrolment). Choose the one that (a) overlaps most with a CA Final paper and (b) you find genuinely interesting — it compounds into Final prep.
- **SET D** — pick the option closest to **Economics / multidisciplinary business** given your MBA Finance base; it's the lightest lift for you.

The exact SET C/D subject menus can be refreshed by ICAI — read the live list on the portal before locking your choice.

When to slot them

- These are **not** on your critical path for *starting* articleship — Intermediate clearance is.
- But they **are** on the critical path for *sitting* Final. Don't leave them to the last month.
- **Plan:** knock out **SET A and SET B in the first year of articleship** (they overlap heavily with Final's law and costing papers — double benefit). Do **SET C and D in the second year**, comfortably before you register/appear for Final.

Study approach

- Use ICAI's provided module material for each SET (available once you register for the module).

- Because assessment is online and open-book, focus on **understanding + fast lookup**, not rote memory.
- Treat SET A & B as a **head start on CA Final** (Corporate & Economic Laws ↔ Final law paper; Strategic Cost ↔ Final costing/AFM concepts).

Checklist

- ☐ SET A — Corporate & Economic Laws — passed (>50%)
- ☐ SET B — Strategic Cost & Performance Mgmt — passed (>50%)
- ☐ SET C — elective chosen: _ — **passed (>50%)**
- ☐ **SET D — subject chosen:** _ — passed (>50%)
