PROFESSIONAL SUMMARY

MBA graduate with an engineering background, looking for a business development role where I can build on analytical work, clear communication, and a steady work ethic. I have not worked in sales yet, but I spent close to two years at D. E. Shaw researching markets, meeting daily deadlines, and explaining findings to the desk. I am teaching myself sales through structured modules on lead generation, consultative selling, negotiation, and pipeline management. I am comfortable with research and data, and I want to use that to find prospects, understand what they need, and move opportunities forward in an honest, organised way.

CORE COMPETENCIES

Business Development: Market research, lead generation, client research, relationship building, consultative selling, negotiation basics, pipeline and target tracking

Communication: Pitching and presentations, cold outreach over email, call, and LinkedIn, objection handling, stakeholder reporting

Analytics: Business acumen, data-driven prospecting, Advanced Excel, Power BI, Python, SQL

Tools: CRM (HubSpot, Salesforce), LinkedIn Sales Navigator, MS Office

Strengths: Ownership, consistency, fast learning, resilience, working across teams

CERTIFICATIONS

NISM Series-XV: Research Analyst (SEBI / NISM) | Reg. No. NISM-202600123995

HackerRank: Problem Solving and Java (Basic) Programming

EXPERIENCE

D. E. Shaw India Private Limited | Member Technical (F&O Trading Desk)

May 2022 to Jan 2024

- Prepared daily research for the desk and turned complex data into clear, decision-ready notes.
- Researched and analysed markets end to end, which built the research habit that business development needs.
- Worked to daily deadlines with high ownership and consistency, alongside a fast-paced team.
- Presented findings and recommendations and handled follow-up questions, which sharpened my discovery and communication skills.

Arcesium India Private Limited | Site Reliability Engineer (Intern)

Jan 2022 to May 2022

- Fixed issues within agreed timelines and supported critical services, which taught me a service-first, problem-solving approach.

PROJECTS & INITIATIVES

Sales Training (self-directed) | ongoing

- Working through modules on prospecting and lead generation, consultative and SPIN selling, negotiation, and CRM and sales metrics.
- Practising BANT, MEDDIC, and SPIN with HubSpot, Salesforce, and LinkedIn Sales Navigator to run qualification, discovery, and pipeline tracking.

Market Research & Reporting | Excel, Python

- Produced research and watchlists and presented clear, usable conclusions to a non-technical audience.
- Sorted and ranked data to surface the most relevant opportunities, which is the same targeting idea behind good prospecting.

Analytics Dashboards | Power BI, Excel

- Built dashboards that turned raw data into clear metrics for reporting and decisions.
- Turned activity and outcome data into simple visuals, close to how sales pipelines and targets are tracked.
