PROFESSIONAL SUMMARY

MBA Finance graduate and NISM-certified, looking to start a career in financial-services business development. I do not have prior sales experience, but I know financial products well and spent close to two years on a Futures and Options desk at D. E. Shaw, where I researched markets and explained findings to the desk every day. I am training myself in sales through structured modules on prospecting, consultative selling, negotiation, and CRM work. I want to use my finance background and clear communication to help clients pick products that suit their needs, while staying within KYC and suitability rules.

CORE COMPETENCIES

Business Development: Client research, lead generation, consultative selling, needs-based advising, pipeline tracking, cross-sell and upsell basics

Financial Products: Mutual funds, equities and derivatives, wealth and advisory products, capital markets, product and valuation analysis

Client Communication: Discovery questions, pitching, negotiation, objection handling, stakeholder reporting

Compliance: KYC and AML awareness, suitability, SEBI and NISM framework, avoiding mis-selling

Tools: Advanced Excel, Power BI, Python, SQL, CRM (HubSpot, Salesforce), LinkedIn Sales Navigator

CERTIFICATIONS

NISM Series-XV: Research Analyst (SEBI / NISM) | Reg. No. NISM-202600123995

NISM Series X-A: Investment Adviser (Level 1) (SEBI / NISM) | *pursuing*

HackerRank: Problem Solving and Java (Basic) Programming

EXPERIENCE

D. E. Shaw India Private Limited | Member Technical (F&O Trading Desk)

May 2022 to Jan 2024

- Prepared daily market research for the desk and explained the numbers in plain, decision-ready terms.
- Studied financial products, derivatives, and market data across the F&O space, building solid product knowledge.
- Built automated Python data pipelines and daily reports, working to tight deadlines with steady output.
- Worked with people across teams to sort out requirements and present findings, and handled their follow-up questions.

Arcesium India Private Limited | Site Reliability Engineer (Intern)

Jan 2022 to May 2022

- Kept database services running and fixed issues within agreed timelines, and tuned slow MS SQL and PostgreSQL queries.

PROJECTS & INITIATIVES

Sales Training (self-directed) | ongoing

- Working through modules on prospecting and lead generation, consultative and SPIN selling, negotiation, and CRM and sales metrics.
- Practising BANT, MEDDIC, and SPIN with HubSpot, Salesforce, and LinkedIn Sales Navigator to run qualification, discovery, and pipeline tracking.

Market Research & Reporting | Excel, Python

- Wrote research notes and watchlists across equities and commodities and presented clear views to a non-technical audience.
- Turned market data into short talking points and comparisons, which is close to how a product pitch is framed.

Financial-Product & Valuation Analysis | Excel

- Built valuation and credit-assessment models to understand how financial products are priced and compared.
- Matched product features to different client needs and risk levels, which supports suitability-first advice.
