

SAIKUMAR KALERU

INVESTMENT BANKING ANALYST

Hyderabad | +91 9398320218 | saikumarkaleru56@gmail.com | linkedin.com/in/saikumar-kaleru

PROFESSIONAL SUMMARY

Investment banking and MBA Finance candidate, NISM Series-XV certified, with close to two years of capital markets experience. Comfortable building three statement and DCF models, running comparable company and precedent transaction analysis, and preparing pitch materials. Uses Advanced Excel, PowerPoint, and Python to build models, benchmark valuation, and support deal execution. Backed by a B.E. in Computer Science, with a strong grip on financial statement analysis and valuation.

SKILLS

Valuation and Modeling: DCF, comparable companies and precedent transactions, three statement modeling, LBO basics, accretion and dilution, sensitivity analysis

Deal Support: Pitch decks and information memoranda, company and industry research, comps and trading benchmarks, mergers and acquisitions, financial due diligence support

Financial Analysis: Financial statement and ratio analysis, corporate finance, capital structure, earnings analysis

Finance Core: Economics, statistics, financial reporting, business writing

Data and Tools: Advanced Excel, PowerPoint, Python, SQL, Power BI

WORK EXPERIENCE

D. E. Shaw India Private Limited | Member Technical (F&O Trading Desk)

May 2022 to Jan 2024

- Analysed capital markets and company data to support the desk's decisions.
- Reviewed instruments and strategies for risk and return trade offs.
- Prepared daily research reports that turned complex data into concise summaries for senior stakeholders.
- Built automated Python pipelines to gather and process financial data, improving speed and accuracy.

Arcesium India Private Limited | Site Reliability Engineer (Intern)

Jan 2022 to May 2022

- Kept AWS EC2 and RDS services available and fixed production database issues.
- Managed MS SQL and PostgreSQL databases and improved slow queries.
- Tested Flyway for automated database schema migration and version control.

PROJECTS

DCF Valuation & Three Statement Model | Excel

- Built an integrated three statement model with a DCF valuation, deriving WACC, terminal value, and a football field range with sensitivity tables on growth and discount rate.
- Reconciled the model to reported financials and stress tested key assumptions for a defensible intrinsic value estimate.

Comparable Company & Precedent Transaction Analysis | Excel

- Assembled a trading comps set on EV/EBITDA, EV/Sales, and P/E, benchmarking a target against peers to triangulate valuation for a pitch.
- Added precedent transaction multiples and a valuation summary that ties the comps read back to the DCF range.

Sector Pitch Book & Company Profile | PowerPoint, Excel

- Prepared a pitch style deck with an industry overview, company profiling, and valuation summary to communicate an investment thesis.
- Built the supporting Excel model and charts so the deck's numbers update from a single source.
