

SAIKUMAR KALERU

BUSINESS DEVELOPMENT / SAAS SALES (SDR · BDR)

Hyderabad | +91 9398320218 | saikumarkaleru56@gmail.com | [linkedin.com/in/saikumar-kaleru](https://www.linkedin.com/in/saikumar-kaleru)

PROFESSIONAL SUMMARY

Engineer and MBA graduate targeting technology and fintech sales as an SDR or BDR. Combines a Computer Science background with finance domain knowledge to understand technical products and explain them credibly. Comfortable with data, APIs, and analytics from close to two years on a trading desk at D. E. Shaw. Currently building outbound skills through training in prospecting, qualification, and CRM, with a simple outreach routine across email, call, and LinkedIn. Aims to translate technical value into clear business outcomes for buyers.

CORE COMPETENCIES

Sales Development: Outbound prospecting (cold email, cold call, LinkedIn), lead qualification (BANT, MEDDIC, SPIN), discovery, meeting booking, pipeline tracking

SaaS & Fintech: B2B SaaS sales motion, product demos, value and ROI selling, SaaS metrics (ARR, MRR, CAC, LTV), fintech and BFSI domain

Technical Fluency: APIs and integrations (concept level), SQL, Python, data analysis, useful when selling to technical buyers

Tools: CRM (HubSpot, Salesforce), prospecting tools (Apollo, LinkedIn Sales Navigator), Advanced Excel, Power BI

Communication: Written outreach, presentations, objection handling, stakeholder reporting

CERTIFICATIONS

NISM Series XV: Research Analyst certification

HackerRank: Problem Solving and Java (Basic) Programming

EXPERIENCE

D. E. Shaw India Private Limited | Member Technical (F&O Trading Desk)

May 2022 to Jan 2024

- Built automated Python data pipelines and analytics tools for a fast moving trading desk, working across data, systems, and technical products.
- Delivered daily insights to the desk and turned complex, technical information into short, decision ready notes.
- Worked to daily deadlines with high ownership and steady output, which is the kind of routine an SDR needs.
- Worked with technical and non technical people to gather requirements and show solutions, which built my discovery and explaining skills.

Arcesium India Private Limited | Site Reliability Engineer (Intern)

Jan 2022 to May 2022

- Worked hands on with databases (MS SQL, PostgreSQL) and cloud services (EC2, RDS), giving me the grounding to demo software products.

PROJECTS & INITIATIVES

Sales Development Training (self directed) | ongoing

- Working through modules on prospecting and lead generation, consultative and SPIN selling, negotiation, CRM and sales metrics, and fintech and SaaS sales; building my own outreach and cadence notes.
- Practising BANT, MEDDIC, and SPIN with HubSpot, Salesforce, and LinkedIn Sales Navigator to run qualification, discovery, and pipeline tracking.

Data Pipelines & Analytics Automation | Python, SQL

- Automated data capture, checks, and reporting, which built the technical understanding needed to sell data and API products.
- Wrote up data flows and outputs in plain language, so I can explain technical products clearly to business buyers.

Analytics Dashboards | Power BI, Excel

- Built dashboards that turned raw data into clear metrics, useful for showing product value and ROI to buyers.
- Modelled activity and outcome metrics, close to how SDR pipeline, conversion, and SaaS KPIs are tracked.
