EXPERIENCE

D. E. Shaw India Private Limited | Member Technical (F&O Trading Desk)

May 2022 to Jan 2024

- Built automated Python data pipelines and analytics tools for a fast moving trading desk across data, systems, and technical products.
- Delivered daily insights to the desk and turned complex, technical information into short, decision ready notes.
- Worked to daily deadlines with high ownership and steady output.
- Gathered requirements from technical and non technical people and showed solutions clearly.
- Presented findings and answered follow up questions from stakeholders directly.

Arcesium India Private Limited | Site Reliability Engineer (Intern)

Jan 2022 to May 2022

- Worked hands on with databases (MS SQL, PostgreSQL) and cloud services (EC2, RDS).
- Fixed issues within agreed timelines and documented fixes for the team.

PROJECTS & INITIATIVES

Data Pipelines & Analytics Automation | Python, SQL

- Automated data capture, checks, and reporting from end to end.
- Wrote up data flows and outputs in plain language for non technical readers.
- Cut manual work so the team got results faster.

Analytics Dashboards | Power BI, Excel

- Built dashboards that turned raw data into clear metrics for product value and ROI.
- Modelled activity and outcome metrics to track conversion and KPIs.
- Added filters and drilldowns so users could explore the numbers on their own.
